SUMMARY

I'm a front-end developer with almost 1 year of experience in building web application (ReactJS).
Ability to work independently, but I consider my self is a team-player because I like to help other and tend to work well within a group.

TECHNICAL SKILLS

- **Programming Languages:**
  - Javascript
  - Typescript
  - Nodejs (basic level)

- **Frameworks / Platforms:**
  - ReactJS
  - Redux
  - Styled-component, Bootstrap, SASS
  - RESTful API
  - VueJS (basic level)
  - Express, MongoDB, NoSQL (basic level)

- **Foreign Languages:**
  - English (good listening, basic communication, reading)

- **Version Control:**
  - Git

- **Soft Skills:**
  - Teamwork
  - Highly adaptable

- **Others:**
  - Can read Document and Requirements fast and efficiently.
  - Always has an urge in researching and learning ways to solve problems.

PERSONAL PROJECTS

- December 2020 – February 2021
  - **Project:** Tix clone (a clone of the Original Website Tix.vn)
  - **Position:** Front-end Developer
  - **Description:** An online movie ticket booking website. This is my graduation project at CyberSoft Academy first big project I've ever made since I got into this industry.
  - **Technologies Used:** ReactJS, Material UI, Styled-component, SASS
  - **Team Size:** 1
  - **Source:** https://github.com/voanhhieu10250/DuAnCuoiKhoaFE52.git

- February 2021
  - **Project:** Personal website
  - **Description:** This is the project for my personal website. I use this project to learn the basic of Typescript. I pretty enjoy Typescript and I think I will stick with it a little bit longer.
  - **Technologies Used:** ReactJS, Typescript, SASS
  - **Source:** github.com/voanhhieu10250/voanhhieu10250.github.io
  - **Link:** https://voanhhieu10250.github.io

- February 2021
  - **Project:** Realtime Chat App
  - **Description:** This app allows users to create and join multiple rooms at the same time. Anyone in the same room can see and chat to each other. Users in separate rooms can't see each other's messages.
  - **Technologies Used:** JS, Socket.IO, Express, jQuery, mustache
  - **Source:** github.com/voanhhieu10250/chatapp
  - **Link:** https://chatapp-voanhhieu.herokuapp.com

PARTIMES ACTIVITIES

- I'm planning on learning NextJS, this framework is pretty cool, good for SEO, being used by many big companies and more importantly I think SSR is the future of React.
